

# STRATEGIC PLAN 2019-2022

## **Background**

eviDent seeks to enhance the clinical outcomes of dental practice and improve patient care by providing the means for dental practice based research and a platform for dissemination of evidence based clinical knowledge.

eviDent is generously supported by the Australian Dental Association Victorian Branch Inc, who is committed to the pursuit of better community oral health.

This strategic plan seeks to build on achievements to date and define our goals and objectives, as well as outline our key actions over the next four years.

To achieve our vision, our plan is built on four strategic goals:

1. Continuous improvement
2. Communication
3. Sustainability
4. Excellence.

We look forward to implementing the following strategy, which will be overseen by the eviDent Foundation Board.

### Our logo

The eviDent logo reflects the unique opportunity with a dental practitioner's mouth mirror examining the mouths of so many patients each year. The collegiate and unified approach to data collection and analysis from multiple practices to combine and produce evidence based research findings presents a powerful tool to support and encourage reflective practice and improve oral health and dental practice for patients and the practitioners who treat them.
